

The **KitchenSOS** Quick Quote Form and *How to fill it out.*

Use this form to make a note of all your existing door and drawer sizes. You can supply the measurements in imperial or metric. Make a note of any other features you might want to change like the cornice and light rail mouldings. Tell us how many cupboard end panels you want to cover up and if you want the kick board (plinth) changed. Send us this form and we will send you a NO OBLIGATION estimate of the cost to replace the items listed.

This service is intended only to give you an estimated but realistic idea of the cost to complete any proposed works.

HOW TO USE THIS FORM

Measure your doors and drawer

You can use millimetres, centimetres, feet and inches, Whichever you are most comfortable with.

Height	Width	Quantity	Base unit = B Wall unit = W Drawer = D
720 mm	500 mm	3	B
175	600	4	D

Now the other stuff:

For the top moulding (cornice) and the bottom moulding (light rail) take an overall length measurement for each and add them together. Then count the number of corner joints.

Cornice (Top moulding) TOTAL	Light Rail (Bottom moulding) TOTAL	Number of joints TOTAL
8 feet 6 inches	6 feet 10 inches	8

Kick Board (Plinth) Measure the height and then the total length, just like the cornice and light rails.

That just leaves any cabinet ends you want to change. Just supply a list of the sizes of the parts you want covered. As an example a base end panel will be about 900 mm high by 600 mm wide, that's about 3 feet by 2 feet wide. Don't worry about giving an exact size as this is only for estimating purposes. See example below;

CUPBOARD ENDS Height	Width	Quantity	Base unit = B Wall unit = W
900 mm	570 mm	2	B
720 mm	300 mm	3	W

THAT'S IT! Don't panic about getting the sizes exactly right as we are only trying to give you an idea of the cost (although the more accurate the sizes the more accurate the estimate will be).

Now just fill in the information panel about yourself, Name, address and contact information, put this form and the measurement form in the supplied envelope and pop it in the post. When we receive it we will go through the details you have supplied and come up with a price which we will communicate to you by whichever method you have indicated on this form. **SPECIAL NOTE:** At no time will we try to sell you our products or services. We DO NOT call you to make a sale or pester you in any way. We work on the principal that if you like our products, services and prices you will contact us. We never pass any information we collect about you or your quote to anyone else, EVER.

Only fill out the information below you want us to have.....

Go to our website for details of our products and services at www.KitchenSOS.co.uk

The **KitchenSOS** Quick Quote Form / Your name:

Your door & drawer sizes

Height	Width	Quantity	Base (B), Wall (W) or Drawer (D)

Cornice and Light rail measurements. Just measure all the sections and add them up to give one total measurement. Then just count the number of joints (corners) there are and put that number in the last box.

Cornice (Top moulding) TOTAL	Light Rail (Bottom moulding) TOTAL	Number of joints TOTAL

Kick Plinth Board measurements (The board below your base cupboard doors). Just measure all the sections and add them up to give one total measurement. Then just count the number of joints (corners) there are and put that number in the last box.

Kick Board Height	Kick Board length TOTAL	Number of sections

Go to the website for details of our products and services at www.KitchenSOS.co.uk

The **KitchenSOS** Quick Quote Form

Fill in for any cabinet ends you want covered

CUPBOARD ENDS Height	Width	Quantity	Base unit = B Wall unit = W

Please use this section to tell us about anything else you would like an estimate for or any details that wouldn't fit into the boxes we have supplied. Any additional information that won't fit please just put on another piece of paper.

DO NOT FORGET to put this form and your details form into the envelope before posting.

Now just sit back and await our estimate. *Thank You for your enquiry.....*
